Making room at the inn...

From India to El Salvador to Kitchener... the need for decent and affordable housing is a global one. MennoHomes Inc. is an MCC Ontario-sponsored charitable, non-profit organization.

MennoHomes Inc. is in the development stage of their first project, building 24 units- 12 in Kitchener and 12 in Waterloo.

With solid financial commitments from local government, and strong community-based leadership, MennoHomes Inc is committed to making "room at the inn" at a time when homelessness threatens to diminish the lives and spirits of far too many Ontarians.

MennoHomes Inc. is ready for new members and contributions of funds and materials! Please contact Board President, Martin Buhr at 578-5546 pama@sympatico.ca.

"MCC strives for peace, justice and dignity of all people by sharing our experiences, resources and faith in Jesus Christ."
